

# NEW QUARTERLY QUESTION

*Illustration by Nicole Kendrick*

Founded by Christopher Harding in 1974, ISPE will be celebrating its 45th anniversary in 2019. Some members have roots in ISPE going back all the way to 1974, while some of us are still rather new to ISPE. No matter how long you've been a member of ISPE, there is certain to be something you've most enjoyed about being a part of our unique society. Maybe it's the great friendships or business acquaintances you've made, the stimulating Ning discussions, or the sense of true belonging you found here at ISPE. Maybe you have some cherished memories of past ISPE years, or you just really love having that ID card in your wallet. Share some of your favorite things about ISPE and help us kick off the first journal of our 45th year by celebrating what makes ISPE so enjoyable!

**“What have you most enjoyed about being a member of ISPE?”**

Send your serious, creative, humorous, inspiring, thought-provoking, or other answers (of 250 words or fewer) to [editor@thousanders.com](mailto:editor@thousanders.com) by November 30, 2018. Select answers will be printed in our next *Telicom* issue, along with a new Quarterly Question to answer.
